# Renewable Energy for Africa & the Persian Gulf

## EVENT FORMAT AND OBJECTIVE

The exhibition & congress "Renewable Energy for Africa & the Persian Gulf" is an initiative of the company European Conference Management, born out of a desire to **support the internationalization of European companies in the renewable energies sector** by bringing know-how, experience and technology to the Governments from those geographic areas in order to carry out collaborative projects to ensure their sustainable growth.

The event consists of a **congress** attended by industry decision makers, government officials & authorities and an **exhibition** that allows participating companies to present their products or services and hold meetings to establish partnerships.

## Available sponsorship options

- Your company logo on the official congress website linked to your company homepage
- Print of company logo on the congress program and exhibition plan
- Your company logo on all printed congress media
- Presentation in the congress on a topic agreed with the organizer (20 min)
- Free passes for company representatives for the conference and the official dinner
- Inclusion of corporate presentation on USB memory to be distributed to the congress participants
- Distribution of corporate material at the time deemed the most appropriate
- Outstanding representation during event lunch or coffee break
- Exclusive representation in the official congress dinner
